The Board of Directors lost Linda Tyria, Adam Bancroft, Zoe Schuitmaker, and Susan Zuiderveen in 2018, but were blessed with the addition of Joshua DeBoer, who agreed to take over the Treasurer's duties, Randy Silber, and John Huizenga. At year's end it was agreed that the Board meetings would be every other month instead of monthly, and that the Executive Committee would meet in between.

Executive Directors Report

Wings of God experienced another blessed year of miracles, spiritual growth, and financial stability, all of which could not happen without God's blessing and donors from private individuals, businesses and churches! During 2018 we had **14 residents** reside at 310 N. Kalamazoo St.; seven of the 14 remained at year end. The longer a Pearl stays, the more likely she will be healed of her addiction and be equipped to go out in the world and give back and fulfill her duties as a Mother where applicable. We like to say she will leave with her spiritual toolbox full! Our donors came through big for us at the West Michigan's Got Talent, Golf Outing and the Benefit Dinner which was free admission for the first time. Donors continue to amaze our Pearls and impact them with the Love from God through your partnership! After another year of rain at the Golf Outing it was decided to take on a new summer event in 2019.

We also rejoiced over several milestones during this past year. First, our Pearl Alyson passed her driving test and was able to obtain a driver's license. Lauryn, our youngest resident, obtained her GED and completed her first semester at KVCC to pursue a traveling nurse career. She came to us at just 17 years old. She works at Chicken Coop and celebrated one year clean on February 6, 2019! Monica started a new job at Advanced Auto and was promoted to key holder and became a store closer! As can be seen, local employers are giving our Pearls opportunity to restore their lives with employment. **Wings of God is not just a house, it is a spiritual hospital.** We celebrated Pearls baptisms as well as visits to churches where they shared their testimonies and the benefits of living at Wings of God. Each day we witness "Ah Hah" moments with the Pearls as God reveals a truth to them in a life changing way. We are so blessed to be in this position to help the hurting, lost, the hopeless all be redeemed and filled with a prosperous future in Christ! **Our donors help make this possible!** We do not take donations for granted, and we fully realize the calling to be wise fiscal stewards and maintain financial integrity and transparency. **There is an impact in the giving!** We know there is great need everywhere. Please know that we appreciate you for your prayers, financial gifts, volunteering or encouraging words. If you have not visited the home for a luncheon tour, please visit our web site and sign up. We would love for you to see first hand the impact of donations and prayers - **Wings of God is hallowed ground!**

We thank you again, to God be the Glory for another amazing year!

In His Joy,
